Travel Insurance & Responsibility

All participants must have both, 3rd party and Travel insurance for the duration of the trip, covering injury to themselves and others. It's important to check your policy provides cover for wingfoiling as your main activity whilst away on holiday.

Please check the Gov.uk website for the latest travel advice and ensure your policy provides adequate cover for the destination. Nomadic cannot be held responsible for any issues arising from inadequate insurance or uncovered travel risks. It's up to clients to assess their own comfort level with the destination—considering factors like political climate or civil unrest before booking.

Travel Money

While most shops and restaurants accept card payments, we recommend bringing some Euros in cash for small purchases and tips. Note that there's only one ATM nearby, and it charges a €5 withdrawal fee!

Packing List

Clients are responsible for their own health whilst away and should carry a basic first aid kit. We also recommend:

Beach towel- Although towels are provided at your accommodation these are not meant for the beach

Suncream- Also consider protection for your lips

Rash vest- A rash vest keeps things comfortable and protects you from the sun. Make sure it has UV protection.

Summer wetsuit - A full length 3/2mm wetsuit should be sufficient for most people, but a 4/3mm may be preferable if you feel the cold easily

Sunglasses- You may like to consider a floating pair for the water

Changing robe- Handy for getting changed on the beach

Travel adapter- To power all of your devices

While the hotel has Wi-Fi, it's not very reliable. If you need fast, reliable internet, we recommend getting a Go Roam package from your mobile provider.
